

for your electronic home

Our ebode proprietary eIR<sup>2</sup>x™ (pronounce Irex) Technology guarantees a high level of immunity for InfraRed noise of direct sunlight, CFL lighting and Flat Panel TV's (including Plasma, LCD and LED). Provides accurate reproduction of the latest generation InfraRed codes that are used in remote controls of, for instance, Set-Top Boxes and Media Players (incl. RC5/6, RCMM, XMP). The IR Link B runs on a 9 volt battery (not included).

wide band 30-60 kHz incl  
NEC, RC5/6, RCMM, XMP, etc.

The ebode IR Link B is a battery powered InfraRed Extender System that allows full remote control operation of audio/video components (such as your Blu-ray Player, A/V Receiver, DVR, Satellite Box, Cable Tuner, etc.) which are located behind closed cabinet doors or other concealed and/or out-of-sight locations.

Mit dem IR Link B können Sie die InfraRot Signale Ihrer eigenen Fernbedienung verlängern. Der IR Link B macht es möglich Ihre Audio/Video Geräte zu bedienen, auch wenn diese in einem abgeschlossenen Schrank untergebracht sind oder außer Reichweite stehen.

Met de IR Link B kunt u de InfraRood signalen van uw eigen afstands-bediening verlengen. De IR Link B maakt het mogelijk om uw A/V apparatuur te bedienen terwijl deze in een gesloten kast staat of verdekt is opgesteld.

IR Link B är ett InfraRött förlängnings-system som tillåter fjärrstyrning av AV-utrustning, och som är t ex lokaliserade bakom stängda dörrar eller andra områden som är utom synhåll.

Le IR Link B est un système d'extension InfraRouge qui permet de contrôler à distance des équipements A/V situés derrière un placard fermé, cachés ou tout simplement hors de portée.

El IR Link B es un Sistema extensor de Infrarrojos, que permite pleno control remoto por infrarrojos sobre diferentes equipos de A / V, situados éstos en lugares ocultos a la vista como por ejemplo en muebles cerrados.

O IR Link B é um sistema extensor de Infravermelhos que permite o controlo remoto de equipamentos A/V em locais escondidos ou fora de vista, como dentro de armários.

IR Link B è un Sistema di Estensione InfraRossi che consente di utilizzare il Telecomando a InfraRossi per comandare apparecchiature multi- mediali Audio/Video poste all'interno di cabinet chiusi e/o in altre postazioni non in vista.
